

Invitation to TOYO's Exhibits and Seminar

Dear Sirs,

First of all, we would like to express our sincere appreciation for your continued patronage and support.

We are very pleased to announce that we will be exhibiting the following latest equipment and presenting a research paper at the 2024 Japan Die Casting Congress and Exposition, which will be held at Pacifico Yokohama from November 14 to 16: The Electric Servo Die Casting Machine "Ds-350EX2," the Servo Spray "SD-35ME," and the Full-sleeve plunger tip lubrication system "RETULUBON." We will also showcase our new prototype production management system, "T-Station Cloud."

We are looking forward to welcoming you at the exposition.

Yours sincerely,
 Yoshiaki Tabata
 President and CEO
 October 2024
